Emergency Vet Authorization & Acknowledgments

By signing below, I authorize and agree to the following:

1. Emergency veterinary care. If my pet becomes ill or injured during their stay, Noble Haven Pet Care will try to reach me - and then my emergency contact - right away. If I cannot be reached and my pet needs care, I authorize Noble Haven to transport my pet to my veterinarian listed on this form, or to the nearest available veterinarian or emergency animal hospital, and to authorize emergency treatment up to $ _____ (fill in an amount) if I cannot be reached.

2. Vet costs are mine. I am responsible for all veterinary charges for my pet, including emergency care authorized under this form, and I will pay the veterinarian directly or reimburse Noble Haven promptly for any amount it advances on my pet's behalf.

3. Medications. I authorize Noble Haven to give my pet the medications listed on this form, as instructed. I will provide medications in their original labeled containers.

4. Boarding realities. I understand that boarding is a change of environment: appetite and digestion can change for a day or two, and a pet may behave differently than at home. I understand flea prevention is strongly recommended, and that a pet who is not on flea prevention stays at my own risk, as described in Noble Haven's Policies. Noble Haven will take reasonable care of my pet, and I will not hold it responsible for illness or injury that occurs despite that reasonable care.

5. Photos. (Optional - check one)

☐ Yes - Noble Haven may use photos of my pet in updates and on its website and social media.

☐ No - please do not use photos of my pet publicly (daily update photos to me are still included).

6. Policies. I have read and agree to Noble Haven Pet Care's Policies, including how boarding is charged, holiday rates, and the deposit and cancellation terms.
